

Professor Denis Noble CBE FRS FMedSci FRCP (Hon)

Personal

Date of birth: 16 November 1936 in London. Parents: George & Ethel Noble, Tailors.
Married, 1965, Susan Jennifer (née Barfield) BSc DPhil BA
Children: one daughter (Penelope Jean, 1967), one adopted son (Julian Aidan, 1970).
Home address: 49 Old Road, Headington, Oxford, OX3 7JZ (tel (+44) (0) 1865 762237)
Laboratory address: Department of Physiology, Anatomy & Genetics, Parks Road, Oxford OX1 3PT.
Telephone: (+44) (0) 1865 272533, FAX (+44) (0) 1865 272554

Education

1947-55 Emanuel School, London (A levels in Chemistry, Physics, Botany & Zoology)
1955-1958 University College London. BSc (1st Class honours) 1958. Class Prize in Physiology.
1958-1961. Bayliss-Starling Scholar, University College London.
1961 PhD Supervisor: O.F.Hutter (later Regius Professor of Physiology in Glasgow).

Academic Posts

1961—1963. Assistant Lecturer in Physiology, University College London.
1961—1963. Vice-Warden of Connaught Hall (University of London).
1963—1984. Fellow and Tutor, Balliol College, Oxford. University Lecturer in Physiology.
1969—1970. Visiting Professor and Visiting Scientist of the Canadian MRC.

1971—1989. Head (Praefectus) of the Balliol College Graduate Centre at Holywell Manor
 1975—1985 Leader of MRC Programme Grant team.
 1983—1985. Vice-Master of Balliol College
 1984—2004 Burdon Sanderson Professor of Cardiovascular Physiology, Oxford University
 1984—2004 Professorial Fellow, Balliol College.
 2004-now Emeritus Professor of Cardiovascular Physiology, Oxford University
 2004-now Emeritus Fellow of Balliol College, Oxford
 2004-now Director of Computational Physiology, Co-Director of e-science centre, Oxford.
 2003-2007 Adjunct Professor *Xi'an Jiaotong University, Shaanxi province, China*
 2005-now Visiting Professor, Osaka University, Japan
 2013-now Visiting Professor, Seoul National University, Korea

Company Directorships

1984-now Chairman and Director, Oxsoft Ltd
 1994-2003 Founder and Director, Physiome Sciences Inc (became Predix Pharma in 2003, Denis Noble is no longer connected with the company)

Editorships

1967-now Chief Editor, *Progress in Biophysics and Molecular Biology*
 2001-now International Advisor, *Tsinghua Science and technology*
 2004-2006 Chief Editor, *Drug Discovery Today: Disease Models*
 2004-2008 Editorial Board, *Transactions on Computational Systems Biology*
 2004-2010 Advisor to Board of *Journal of Experimental Physiology*
 2011-now Advisor to Board of *The Journal of Physiology*
 2005-now Chief Editor, *Faculty of 1000, Physiology*
 2011-now Editor, *Interface Focus*

International Committees

1993-2001 Secretary-General of International Union of Physiological Sciences (IUPS)
 2001-now Membre du Jury, Prix Lefoulon-Delalande, Academie des Sciences, Paris
 2009-2013 President of the International Union of Physiological Sciences (IUPS)

National Committees

Member of Advisory Group on non-ionizing radiation (AGNIR), Health Protection Agency (HPA).
 1994-2004 Member of government Advisory Group on Korea (DTI)
 1986-2006 Executive Committee of Campaign for Science and Engineering (UK)

Main Previous Committees

MRC (former Chairman of Joint Dental Committee 1984-1990)
 Royal Society Committees
 Member of Council, Oxford University 1989-2004
 Member of Systems Biology Committee, Academy of Medical Sciences and Academy of Engineering
 Systems Panel of BBSRC

Publications

Over 500 articles in academic journals, including *Nature*, *Science*, *PNAS*, *Journal of Physiology*, *Progress in Biophysics & Molecular Biology* (listed later).

Many articles in national press

Author or Editor of 10 books, including

The Initiation of the Heartbeat (OUP, 1975, 1979 and Japanese translation), sole author
Electric Current Flow in Excitable Cells (OUP 1975, 1988), author with JJB Jack and RW Tsien
The Logic of Life (OUP 1993), co-editor with CAR Boyd, and author
The Ethics of Life (UNESCO 1997) co-editor with J-D Vincent
The Music of Life (OUP 2006) sole author
La Musique de la Vie (Editions du Seuil, 2007 – French edition of *The Music of Life*)
La Musica de la Vida (Akal, 2008 – Spanish edition of *The Music of Life*)
La Musica della Vita (Bollati-Boringhieri, 2008 – Italian edition of *The Music of Life*)

生命の音楽：ゲノムを越える生物学 (Japanese edition of *The Music of Life*, 2009)
생명의 음악 (Korean edition of *The Music of Life – Open Science*, 2009)
生命的乐章 (Chinese edition of *The Music of Life – 2010*)
The Selected papers of Denis Noble CBE FRS. A journey in physiology toward enlightenment. Imperial College Press 2012

Honours and awards

1970 Scientific Medal of the *Zoological Society*.
1979 Elected Fellow of the *Royal Society* (FRS).
1982 Research Fellowship for Academic Staff (*Medical Research Council*).
1985 *British Heart Foundation's* biennial Gold Medal and Prize.
1985 Correspondant Etranger de l'*Académie Royale de Médecine de Belgique*.
1986 Fellow of *University College London*.
1988 Honorary Member of the *Royal College of Physicians* (Hon MRCP).
1989 Member of *Academia Europaea*
1989 Professorial Distinction Award, *Oxford University*
1991 Pierre Rijlant Prize (*l'Académie Royale de Médecine de Belgique*).
1993 Baly Medal of the *Royal College of Physicians* (London).
1993 Honorary Foreign Member of the *Académie Royale de Médecine de Belgique*.
1994 Honorary Fellow of the *Royal College of Physicians* (Hon FRCP)
1996 Honorary Member of the *American Physiological Society*
1997 Honorary Member of the *Physiological Society* (UK & Ireland)
1998 Honorary Member of the *Physiological Society of Japan*
1998 Appointed CBE in Queen's Birthday Honours List, for 'services to science'
1998 Visiting Professor at *Johns Hopkins University, Baltimore, USA*
1999 Founding Fellow of the *Academy of Medical Science* (FMedSci)
2000 Founding Fellow of the *International Society for Heart Research*
2001 Honorary Fellowship of the *Institute of Physics and Engineering in Medicine*
2003 Appointed Adjunct Professor *Xi'an Jiaotong University, Shaanxi province, China* (2003-2007)
2004 Honorary Degree of Doctor of Science by *Sheffield University*
2004 Awarded *Russian Academy of Sciences* Pavlov Medal at Russian Physiological Society Congress
2004 Hodgkin-Huxley-Katz Prize, *The Physiological Society (UK)*
2005 MacKenzie Prize, *British Cardiac Society*, May 2005
2005 Docteur Honoris Causa, *Université de Bordeaux*, September 2005
2008 Medal of Merit, *EU-ISHR*, Athens, May 2008
2008 Honorary Degree of Doctor of Science *University of Warwick*, July 2008
2010 Member of Slovenian Academy of Science
2013 Membro Straniero, Istituto Lombardo-Accademia di Scienze e Lettere
2014 Honorary Member, Chinese Association of Physiological Sciences

Named invited Lectures

1962 Invited Lecture, *IUPS Congress*, Leiden
1966. Darwin Lecture, *British Association*.
1977. Nahum Lecture, *Yale University*.
1977. Invited review lecture. *IUPS Congress*. Paris (delivered in French).
1979. Conférence invitée. *Association des Physiologistes*. (Delivered and published in French)
1981. Waller Lecture, *London University*
1983. Annual Review Lecture. *The Physiological Society*. (Published as *The Surprising Heart*)
1984. Withering Memorial Lecture. *International Congress of Pharmacology*. London
1985. Lettura F. Botazzi. *Società Italiana di Fisiologia*. Pisa. (Delivered in Italian).
1985. Ueda Lecture. *Japanese Society of Electrocardiologists*. Tokyo. (given partly in Japanese)
1987. Lloyd-Roberts Lecture, *Royal Society of Medicine*, London
1988. Allerdale-Wyld Memorial Lecture – *Northern Industrial Societies*.
1988. Bowden Lecture – *University of Manchester Institute of Science and Technology*
1989. Bacaner Research Awards lecture, *University of Minnesota*.
1989. Distinguished visiting lecturer at the *Universities of British Columbia, Alberta and Calgary*.
1989. Distinguished visiting professor at the *State University of New York at Stony Brook, USA*.

1990. Oliver Sharpey Lecture --- *The Royal College of Physicians*, London.
 1990. Butland Visiting Professor at the *University of Auckland*, New Zealand.
 1990. Annual Review Lecture, *Korean Physiological Society* (delivered partly in Korean).
 1991. Invited lecturer at the 150th anniversary celebrations of the *Académie Royale de Médecine de Belgique*, Brussels. (delivered in French)
 1993. Annual Foundation Lecture of *International Science Policy Foundation*.
 1994. First triennial Rijlant Lecture to *International Congress of Electrophysiology* (Japan).
 1995. First annual lecture at UCL on disabled students in higher education.
 1996. Frank May Public Lecture, *Leicester University*.
 1996. Conference Claude Bernard, *Société de Physiologie*, Lille, (delivered in French)
 1996. Stevenson lecture, *University of Western Ontario*.
 2003. Magnes Lecture, *Hebrew University of Jerusalem and Israeli Physiological Society*.
 2003. Larmor Lecture, *Queen's University, Belfast*.
 2004. Conway Lecture, *University College Dublin*.
 2004. Hodgkin-Huxley-Katz Prize Lecture, *The Physiological Society*.
 2006. Woolmer Lecture, *Institute of Physics and Engineering in Medicine*, Cambridge 6 September
 2006. Plenary Lecture, FAOPS Congress, Seoul, October
 2007. Jacques Morgenstern Colloquium, INRIA Sophia-Antipolis
 2007. Paton Lecture, The Physiological Society
 2007. McDowall Lecture, King's College London
 2007 Distinguished Invited Lecture, EMBL Heidelberg
 2008 Public Lecture, Museum of the History of Science, Oxford
 2008 George Cecil Clarke Lecture, Nottingham University
 2009 Foster Lecture, Cambridge University
 2009 Kroto Lecture, Sheffield University
 2010 Moe Lecture, Chicago
 2012 Rupert Riedl Lecture, Vienna
 2012 Plenary Lecture, Chinese Association of Physiological Sciences, Suzhou.
 2013 President's Lecture, IUPS, Birmingham
 2013 Lecture to Istituto Lombardo, Milan (delivered in Italian)
 2014 Plenary Lecture, Chinese Association of Physiological Sciences, Shanghai
 2014 Plenary Lecture, Congress of VPH Institute, Trondheim, Norway
 2015 Plenary Lecture, Congress of *Sociedade Brasileira de Fisiologia* Aguas de Lindoia, Brazil.

Many other Congress and Symposia Plenary lectures. Denis Noble gives about 50 public invited lectures per year in Universities, Congresses, Foundations and Societies worldwide.

Recent Funding

2003-2008 EPSRC eScience Pilot Project in Integrative Biology £2,798,950 (PI on interdisciplinary grant)
 Wellcome Trust Cardiac Physiome programme grant £1.2 million
 EU 6th Framework Programme, 2004-2009, Biosimulation network Euros 300,000 2004-2009.
 EU 7th Framework Programme PreDiCT 2008-2011 approx 4 million euros
 EU 7th Framework Programme Virtual Human Network of Excellence. 2008-2013 approx 8 million euros, part of Oxford led ICT grants totally 27 million euros.
 British Heart Foundation, about £100,000
 Tsumura Company, Japan, Grant of £2million over five years 2013-2018

Professional Societies

The Physiological Society

(Hon Secretary 1974—80; Foreign Secretary 1986—92; Honorary Member 1997)).

The Royal Society (Member of various committees).

The Royal College of Physicians (Honorary Fellow)

British Biophysical Society (past member of Committee)

British Cardiac Society

Mind Association

Académie Royale de Médecine de Belgique

Academia Europaea (past Convenor in Physiology and Biophysics)
CaSE, (*Campaign for Science and Engineering* founded as *Save British Science*, Founder and member of Executive Committee)
American Physiological Society (Honorary Member 1996)
International Union of Physiological Sciences (IUPS) (Secretary-General, 1994—2001)
Japan Physiological Society (Honorary Member, 1998)
Academy of Medical Sciences (Founder Fellow, 1998)
International Society for Heart Research (Founding Fellow 2000)
Institute of Physics and Engineering in Medicine (Honorary Fellow)
Sociedade Brasileira de Fisiologia (member)

Other interests and activities

Philosophy Publications in professional journals of philosophy and books.

Cooking French & Indian

Classical Guitar: player and owner of Rubio, Ramirez and Fischer guitars.
For music see website www.oxfordtrobadors.com

Languages:

French – very highly fluent, able to give lectures and interviews without notes. Denis Noble was a member of the Committee of the *Maison Française d'Oxford* and has broadcast frequently in France.

Italian – sufficient to give prepared lectures in Italian.

Occitan – good knowledge of most dialects and speaker of Limousin; Denis Noble has appeared on French Radio concerning Occitan language and music and has contributed to Occitan publications. He is founder of The Oxford Trobadors, who interpret Occitan songs, medieval and modern.

Catalan, good reading ability

Portuguese, good reading ability

Japanese – good knowledge of spoken and written language (including Kanji), sufficient to write and deliver prepared speeches and lectures in Japanese. Several publications in Japanese.

Korean – good knowledge of written Korean (Hangul) and some knowledge of Chinese script (Hancha). Sufficient knowledge of spoken Korean to give a speech or introduction to a lecture. Denis Noble was a UK Government Advisor on Korea.

Chinese – some reading knowledge (through Japanese and Korean characters, and study of medieval Chinese medical texts)

Maori – delivered the reply to the Maori welcome (*Powhiri*) at the IUPS Congress in Christchurch, New Zealand, 2001.

Others – some knowledge of many other languages (Denis Noble makes it a rule to learn something of the language in any country he visits)
